## INDEPENDENT AUDITORS' REPORT

To The Board of Commissioners  
Wauconda Park District  
Wauconda, Illinois

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Wauconda Park District as of and for the year ended April 30, 2018, and the related notes to the financial statements which collectively comprise the District's basic financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Wauconda Park District, as of April 30, 2018, and the respective changes in the financial position, thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and certain pension disclosures be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The major fund budgetary comparison schedules listed on the table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. This Required Supplementary Information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ending April 30, 2018 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wauconda Park District basic financial statements. The combining and individual fund financial schedules for the year ended April 30, 2018 listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The combining and individual fund financial schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The statistical information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

## **Management's Discussion and Analysis**

### **April 30, 2018**

The Wauconda Park District (the "District") Management's Discussion and Analysis is designed to: (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget) and (5) identify individual fund issues or concerns.

The Management's Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement No. 34 Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the District's financial statements (beginning on page 8.)

### **District Profile**

The Wauconda Park District is located in the southeastern part of Wauconda Township on the banks of beautiful Bangs Lake. The Wauconda Park District was established as a separate governmental agency in April 1959 and is governed by a Board – Director form of government. The Board consists of five individuals who are elected from the District at large to serve four-year staggered terms. The Board employs a Director who is responsible for the day to day operations.

The Wauconda Park District's mission is "to enrich lives in the community by providing quality recreation and leisure opportunities". The District has four core values, that they operate by which are Integrity, Teamwork, Service and Commitment.

District facilities include a Community Center which houses the District's Fitness First center, Beach House/Preschool building, Marina facility and a Maintenance shop. The District manages approximately 100 acres of parkland and 15 park sites which include various baseball/softball fields, soccer/football fields, tennis courts, playgrounds, basketball courts, handicap accessible fishing pier, and picnic areas.

### **Financial Highlights**

- Overall revenues for all funds this past year were \$3,287,678, representing a 5.6% increase over the previous year's total revenue of \$3,111,733. Expenses were \$2,992,842, including a change in the net pension liability of \$344,995, presented in accordance with the most recent GASB Statement No. 68 "Accounting and Financial Reporting for Pensions" (see Note 12).

## Financial Highlights (Continued)

- Total net position was \$9,463,834 as of April 30, 2018.
- Property taxes levied and collected were \$1,721,978.
- Recreation program registrations increased 8.6% over the past year resulting in instructional revenues of \$919,320 compared to \$864,277 in 2017. Property taxes account for 31% of the Recreation fund budget.
- The District currently still has the ability to devote resources toward maintaining its parks, playgrounds and facilities. In fiscal year 2018, \$181,603 was spent on capital outlay for the District's infrastructure.
- The District's outstanding short-term bond payable was \$196,000 as of April 30, 2018. Long term bonds payable equaled \$200,000.

### Overview of the Financial Statements

Management's Discussion and Analysis introduces the District's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements. The District also includes in this report additional information to supplement the basic financial statements.

### Government-wide Financial Statements

The District's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the *Statement of Net Position*. This is the District-wide statement of position presenting information that includes all of the District's assets and liabilities, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors such as diversification of the taxpayer base or the condition of the District's infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* that reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayers.

## **Government-wide Financial Statements (Continued)**

Both government-wide financial statements distinguish governmental activities of the District that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. The District does not have any funds that would be considered business-type activities.

The government-wide financial statements are presented on pages 8 - 9 of this report.

## **Fund Financial Statements**

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the general fund and major special revenue funds. Budgetary comparison schedules for other special revenue funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the District's adopted annual appropriated budget.

The basic governmental fund financial statements are presented on pages 10 - 12 of this report.

## **Notes to the Financial Statements**

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 13 of this report.

## **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. The supplementary information includes the computation of District's legal debt margin detail and assessed valuations. Supplementary information can be found on pages 56-57 of this report.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report beginning on page 45.

## **Government-wide Financial Analysis**

The District implemented the new financial reporting model used in this report beginning with the fiscal year ended April 30, 2005. Over time, as year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the District as whole.

The District's combined net position was \$9,463,834, which includes a \$5,427,145 investment in capital assets. The total revenues were \$3,287,678, while the total expenditures were \$2,992,842.

## **Financial Analysis of the District's Funds**

### **Governmental Funds**

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements.

Governmental funds reported ending fund balances of \$3,699,842. Of this year-end total, \$168,041 is unassigned, indicating availability for the district's operations. Restricted fund balances were \$234,520. Non-Spendable fund balances total \$20,132, which consists of resources that cannot be spent because of their form. \$3,277,149 is assigned, which consists of resources which have limitations resulting from intended use.

The total ending fund balance of Governmental Funds was \$3,699,842, representing a 6.5% increase over the previous year balance of \$3,474,842.

### **Major Governmental Funds**

The General, Recreation, WaucondaFest and Capital Projects Funds are the primary operating funds of the District. The fund balance of the General Fund as of April 30, 2018 was \$165,506. This includes a \$299,351 transfer to the Capital Projects Fund and \$3,000 transfer to the Audit Fund. The Recreation Fund's fund balance was \$260,252 which includes a \$144,533 transfer to the Capital Projects Fund. The Wauconda Fest Fund's fund balance was \$80,029, which includes a \$70,497 transfer to the Capital Projects Fund. The Capital Projects Fund balance was \$2,857,555.

## **General Fund Budgetary Highlights**

The General Fund is reported as a major fund and accounts for the routine park operations of the District. Revenues in the General Fund were \$736,127, which was \$68,524 over budget. Expenditures were \$563,282, which was \$43,723 under budget. The net budget variance was a favorable \$112,247. The fund balance decreased to \$165,506 at the end of the year from \$295,012 in the prior year due to a \$302,351 transfer to the Capital Projects Fund.

## **Capital Asset and Debt Administration**

### **Capital Assets**

The District's capital assets, net of accumulated depreciation for governmental activities as of April 30, 2018 was \$5,427,145.

### **Debt Administration**

As of April 30, 2018, the Park District has multi-year general obligation bond issues outstanding of \$396,000. The fund balance of the Debt Service Fund amounted to \$9,468 as of April 30, 2018.

### **Contacting the District's Financial Management**

This financial report is designed to provide a general overview of the District's finances, comply with finance related laws and regulations and demonstrate the District's commitment to public accountability. If you have any questions about this report or would like to request additional information, please contact the Director for the Park District located at 600 N. Main St., Wauconda, IL 60084.

**Reconciliation of the Statement of Revenues, Expenditures and Changes in**  
**Fund Balances of Governmental Funds to the Statement of Activities**  
**For The Year Ended April 30, 2018**

---

Net Change in Fund Balances - Total Governmental Funds (Statement of Revenues, Expenditures and Changes in Fund Balances)	\$ 225,000
Amounts reported for governmental activities in the Statement of Activities are different because:	
Depreciation of capital assets is not considered an expenditure in the fund financial statements.	(293,555)
Purchases of capital assets are treated as an expenditure in the fund financial statements.	181,603
Property tax revenues in the Statement of Activities that do not provide current financial resources are reported as deferred property tax revenue in the fund financial statements.	(11,566)
Payments of bond principal are treated as an expenditure in the fund financial statements.	191,000
Pension-related amounts are not recorded to the fund financial statements as follows:	
Changes in the IMRF Plan Year Expense	1,013
Changes in the Net Pension Liability	344,995
Changes in the IMRF Deferred Outflows	(88,564)
Changes in the IMRF Deferred Inflows	<u>(255,090)</u>
Change in Net Position of Governmental Activities (Statement of Activities)	<u>\$ 294,836</u>

See Accompanying Notes To The Financial Statements.

**Wauconda Park District  
Notes To The Financial Statements  
For The Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Wauconda Park District, Lake County, Illinois is duly organized and existing under the provisions of the laws of the State of Illinois, and is operating under the provisions of the Park District Code of the State of Illinois, approved July 8, 1947, and all laws amendatory thereto. The Park District operates under the commissioner/director form of government and provides a variety of recreational facilities, programs and services. Commissioners are elected to serve four year terms by the District's constituents.

The accounting and reporting policies of the Park District included in the accompanying basic financial statements conform to generally accepted accounting principles (GAAP) applicable to state and local governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

A. Reporting Entity

The Park District follows the provisions of Governmental Accounting Standards Board Statement No. 39, "Determining Whether Certain Organizations Are Component Units – an amendment of GASB Statement No. 14". As defined by generally accepted accounting principles established by GASB, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate, tax-exempt entities and meet all of the following criteria:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents.
2. The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
3. The economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The Park District has concluded that no entities meet the criteria of Statement 39 for inclusion as a component unit. Likewise, the Park District is not required to be included as a component unit of any other entity.

Governmental Accounting Standards Board Statement No. 61, "The Financial Reporting Entity", is an amendment of GASB Statements No. 14 and No. 39, which does not have impact on the current year financial statements.

B. GASB Pronouncements

As of May 1, 2012, the District has implemented GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". The objective of this Statement is to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effect on a government's net position.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. GASB Pronouncements (Continued)

As of May 1, 2012, the District has implemented GASB Statement No. 65 "Items Previously Reported as Assets and Liabilities". The objective of this statement is to establish accounting and financial reporting standards that reclassify as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities. The Statement also recognizes as outflows of resources or inflows of resources certain items that were previously reported as assets and liabilities.

*Implementation of GASB 68.* As of May 1, 2015, the District has implemented GASB Statement No. 68 "Accounting and Financial Reporting for Pensions" which is an amendment of GASB Statement No. 27. The objective of this statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

Upon implementation of GASB 68, the District has also implemented GASB Statement No. 71 "Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68.

C. Basis of Presentation

GOVERNMENT -WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include charges to stakeholders who purchase, use or directly benefit from goods, services, or privileges provided by a given function, and grants and contributions that are restricted to meeting the operational and capital requirements of a particular function. Taxes and other income items that are not specifically related to a function are reported as general revenues.

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into individual funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets and deferred outflows, liabilities and deferred inflows, fund equity, revenues, and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions.

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation (Continued)

Funds are organized as major funds or non-major funds within the governmental statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of the individual governmental fund or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type and
- Total assets and deferred outflows, liabilities and deferred inflows, revenues or expenditures/expenses of the individual governmental or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds (Governmental Activities)

Governmental fund types are those through which most governmental functions of the Park District are financed. The Park District's expendable financial resources are accounted for through governmental funds. The measurement focus is based upon determination of changes in financial position rather than upon net income determination. A brief explanation of the Park District's governmental funds follows:

General Fund

The General Fund is the general operating fund of the Park District. It is used to account for and report all financial resources not accounted for or reported in another fund.

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Funds included in this fund category are:

Recreation	Paving and Lighting
Waucondafest	Special Recreation
Liability Insurance	Audit
Social Security	Fitness
Illinois Municipal Retirement	Beach/Marina

Debt Service Fund

The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Presentation (Continued)

Capital Projects Fund

The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets, excluding those types of capital related outflows financed by proprietary funds.

MAJOR FUNDS

The Park District reports the following major governmental funds:

- General Fund
- Recreation Fund
- Waucondafest
- Capital Projects Fund

NON-MAJOR FUNDS

The Park District reports the following non-major funds:

- Debt Service
- Liability Insurance
- Social Security
- Illinois Municipal Retirement
- Paving and Lighting
- Special Recreation
- Audit
- Fitness
- Beach/Marina

D. Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basis of Accounting (Continued)

The current financial resources measurement focus and the modified accrual basis of accounting are followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., both measurable and available to finance the Park District's operations. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

Property taxes, investment earnings, and charges for services are the primary revenue sources susceptible to accrual. The Park District considers property taxes available if they are due and collected within 60 days after year end. Class registration fees received by the Park District are recognized as revenue when the class starts. Memberships and other yearly fees are recognized as revenue in the fiscal year in which the services are provided. All other revenues are recognized when cash is received. Expenditures are recorded when the related fund liability is incurred.

The Park District reports unearned revenues on its Statement of Net Position and deferred revenues on its Governmental Funds Balance Sheet. For government-wide financial statements, unearned revenues arise from receipt of program revenues before a program has begun. For governmental fund financial statements, deferred revenues occur when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the Park District before a legal claim to them exists. In subsequent periods, when both revenue recognition criteria are met, or when the Park District has a legal claim to the resources, the liability for deferred revenue is removed from the Governmental Funds Balance Sheet and revenue is recognized accordingly.

E. Measurement Focus

On the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the flow of economic resources measurement focus, which means all assets, deferred outflows, liabilities (whether current or non-current), and deferred inflows are included on the Statement of Net Position and the operating statements present increases and decreases in net position.

The measurement focus of all governmental funds is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays, debt proceeds and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue or a reservation of fund equity. Liabilities for claims, judgments, compensated absences and pension contributions, which will not be currently liquidated using expendable available financial resources are included as liabilities in the government-wide financial statements, but are excluded from the governmental funds financial statements. The related expenditures are recognized in the governmental fund financial statements when the liabilities are liquidated.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

G. Budgetary Data

The Board of Commissioners follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) The Executive Director and management prepare a proposed operating budget which is submitted to the Board of Commissioners for their approval. The budget document is made available for public inspection for at least 30 days prior to Board action.
- (2) The Board of Commissioners is required to hold at least one public hearing prior to passage of the annual Budget and Appropriation Ordinance. The budget is an estimate of actual expenditures and the appropriation represents the legal spending limit.
- (3) The Budget and Appropriation Ordinance must be enacted into law prior to the end of the first quarter of the fiscal year (July 31).
- (4) The Board of Commissioners has the power to:
  - Amend the Budget and Appropriation Ordinance in the same manner as its enactment.
  - Transfer between line items of any fund an amount not exceeding in the aggregate 10% of the total amount appropriated for that fund.
  - After six months of the fiscal year, by two-thirds vote, transfer any appropriation item it anticipates being unexpended to any other appropriation item.
- (5) Expenditures legally may not exceed the total appropriations at the fund level. All unspent budgetary amounts lapse at year-end. The budget information in the financial statements includes adjustments made during the year.

The budget is prepared for all funds on the same basis as the basic financial statements and is consistent with GAAP. The budget is derived from the annual Budget and Appropriation Ordinance of the Park District. All budgetary funds are controlled by an integrated budgetary accounting system in accordance with various legal requirements which govern the Park District.

H. Cash, Cash Equivalents, and Investments

Cash and cash equivalents are defined as cash on hand, amounts held at financial institutions, and short-term liquid investments. Investments with a maturity of three months or less are considered liquid for these purposes.

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Cash, Cash Equivalents, and Investments (Continued)

All investments are made in accordance with Illinois law, which restricts the District to investing funds in specific types of investment instruments. The following are types of permitted instruments which the District has used:

- The Illinois Park District Liquid Asset Fund
- Interest bearing savings accounts, certificates of deposit and time deposits insured by the Federal Deposit Insurance Corporation or fully collateralized

I. Prepaid Expenses/Expenditures

Payments made to vendors for services that will benefit periods beyond April 30, 2018 are recorded as prepaid expenses/expenditures.

J. Capital Assets

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual cost is unavailable. Donated capital assets are stated at their fair market value as of the date of donation. The Park District's policy is to capitalize assets that have an original cost of \$2,500 or greater.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Land Improvements	20 years
Building and Improvements	7-25 years
Machinery & Equipment	5-20 years
Licensed Vehicles	8 years

FUND FINANCIAL STATEMENTS

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlays in the fund from which the expenditure was made. Public domain (infrastructure) assets consisting of roads, curbs and gutters, sidewalks, drainage systems, and lighting systems are not capitalized in the fund financial statements. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not included as capitalized assets or capitalized in the governmental funds.

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Accrued Vacation and Sick Pay

Park District employees are entitled to vacation in varying amounts. Vacation accrues from an employee's anniversary date and employees may accumulate up to 20 days of vacation pay. The liability is expected to be liquidated with expendable available resources and is therefore, reported in both the Fund Financial Statements and the Government-Wide Financial Statements. Park District employees are also entitled to 1 sick day per month and may accumulate a maximum of 60 days. If these days are not used, no compensation for this time is payable. The liability is not expected to be liquidated with expendable available resources and is therefore, excluded from the Fund Financial Statements and reported in the Government-Wide Financial Statements. The full amount could become payable within the year, and as such is shown as a current liability.

L. Long-Term Liabilities

In the government-wide financial statements, debt principal payments of governmental activities are reported as decreases in the balance of the liability on the Statement of Net Position. In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid.

M. Property Taxes

The District must file its tax levy ordinance by the fourth Tuesday in December of each year. Property tax is levied each calendar year on all taxable real property located in the District. The levy for 2017 was passed, approved, and adopted in December 2017 and attached as an enforceable lien on January 1, 2018.

Tax bills are prepared and issued by the Lake County Assessor. They become due and payable in two installments on June 6th and September 6th. The County collects such taxes and remits them periodically. The majority of the taxes are received in June and September.

Current year revenues in the fund financial statements consist of the first half of the 2017 extension and the second half of the 2016 extension. The 2017 extension is recorded as a receivable and the balance of the 2017 extension is recorded as deferred revenue in the fund financial statements.

N. Equity Classifications

GOVERNMENT-WIDE FINANCIAL STATEMENTS

Equity is classified as net position and displayed in three components:

- Net Investment in capital assets – consists of capital assets, net of accumulated depreciation and related debt, if applicable.

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

---

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Equity Classifications (Continued)

- Restricted Amounts – consists of amounts with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted Amounts – consists of all other amounts that do not meet the definition of restricted or invested in capital assets.

FUND FINANCIAL STATEMENTS

Governmental fund equity is classified as fund balance. The components of fund balance are:

- Non-spendable – consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.
- Restricted – consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either; a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
- Committed – consists of resources constrained (issuance of an ordinance) to specific purposes by a government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.
- Assigned – amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by (a) the Board of Commissioners itself or (b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.
- Unassigned – consists of the residual net resources of a fund that has not been restricted, committed, or assigned within the general fund and deficit fund balances of other governmental funds.

The Park District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. If different levels of unrestricted funds are available for spending, the Park District considers committed funds to be expended first followed by assigned and, lastly, unassigned funds.

NOTE 2 - DEPOSITS AND INVESTMENTS

A. Bank Deposits

At April 30, 2018, the carrying amount of the Park District's deposits was \$518,326 and the bank balance was \$522,918.

B. Investments

At April 30, 2018, the carrying amount of the Park District's investments was \$2,480,120 and the bank balance was \$2,480,120. The investment is held by the Illinois Park District Liquid Asset Fund, which is a pooled investment with other park districts and is similar in nature to a money market. The pool invests in certificates of deposit, U.S. Government securities, commercial paper, and corporate bonds.

C. Policy for Investments

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

NOTE 2 – DEPOSITS AND INVESTMENTS (CONTINUED)

C. Policy for Investments (Continued)

The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral of all bank balances in excess of federal depository insurance with the collateral held by a third party in the District's name.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government.

NOTE 3 - CAPITAL ASSETS

A summary of changes in capital assets for the year follows for the governmental activities. Total depreciation expense for the year charged for governmental activities was \$293,555.

	Balance 4/30/17	Additions	Dispositions	Balance 4/30/18
Assets Not Subject to Depreciation:				
Land	\$ 2,039,324	\$ 0	\$ 0	\$ 2,039,324

Subtotal	<u>3,499,773</u>	<u>(158,995)</u>	<u>0</u>	<u>3,340,778</u>
Total Net Assets	<u>\$ 5,539,097</u>	<u>\$ (111,952)</u>	<u>\$ 0</u>	<u>\$ 5,427,145</u>

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

NOTE 4 - LONG-TERM DEBT

A summary of the changes in general long-term debt is as follows:

	Balance 4/30/2017	New Issues	Debt Retired	Balance 4/30/2018	Due Within One Year
General					
Obligation Debt:					
Series 2017A	587,000	0	(191,000)	396,000	196,000
	<u>\$ 587,000</u>	<u>0</u>	<u>\$ (191,000)</u>	<u>\$ 396,000</u>	<u>\$ 196,000</u>

A limited park bond, Series 2017A, provides for principal payments between \$191,000 and \$200,000 payable on December 15<sup>th</sup>, with the balance payable on December 15, 2019; interest is payable on June 15 and December 15 at a rate of 2.04%.

Debt service to maturity on the outstanding governmental debt is as follows:

Year Ending April 30,	Principal	Interest	Total
2019	196,000	8,222	204,222
2020	200,000	4,400	204,400
	<u>\$ 396,000</u>	<u>\$ 12,622</u>	<u>\$ 408,622</u>

NOTE 5 - RISK MANAGEMENT

The Wauconda Park District is exposed to various risks related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and net income losses.

Since December 1, 1997 the Wauconda Park District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program. PDRMA is a public entity risk pool of park districts, forest preserve districts, special recreation associations and certain non-profit organizations serving the needs of public entities formed in accordance with the terms of an intergovernmental cooperative agreement among its members. Property, general liability, automobile liability, crime, boiler and machinery, public officials' liability, employment practices liability, workers compensation and pollution liability coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the property/casualty coverage in effect for the period January 1, 2018 through January 1, 2019:

**Wauconda Park District

NOTE 5 - RISK MANAGEMENT (CONTINUED)

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the Wauconda Park District.

As a member of PDRMA's Property/Casualty Program, the Wauconda Park District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the Wauconda Park District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the Wauconda Park District's governing body. The Wauconda Park District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's Property/Casualty Program's balance sheet at December 31, 2017 and the statement of revenues and expenses for the period ending December 31, 2017. The Wauconda Park District's portion of the overall equity of the pool is 0.072% or \$31,561.

Assets	\$	65,528,169
Deferred Outflows of Resources - Pension		1,031,198
Liabilities		22,979,446
Deferred Inflows of Resources - Pension		5,600
Member Balances		43,574,321
Revenues		23,353,271
Expenditures		17,402,060

Since 88.70% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

NOTE 6 - PDRMA HEALTH PROGRAM

On February 1, 1990 the Wauconda Park District became a member of the Park District Risk Management Agency (PDRMA) Health Program, a health benefits pool of park districts, special recreation associations, and public service organizations through which medical, vision, dental, life and prescription drug coverages are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$250,000. Until January 1, 2001 the PDRMA Health Program was a separate legal entity formerly known as the Illinois Park Employees Health Network (IPEHN).

---

NOTE 6 - PDRMA HEALTH PROGRAM (CONTINUED)

Members can choose to provide any combination of coverages available to their employees, and pay premiums accordingly.

As a member of the PDRMA Health Program, the Wauconda Park District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the member agency and the PDRMA Health Program is governed by a contract and by-laws that have been adopted by resolution of each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The following represents a summary of PDRMA's Health Program's balance sheet at December 31, 2017 and the statement of revenues and expenses for the period ending December 31, 2017.

Assets	\$	21,149,057
Deferred Outflows of Resources - Pension		427,851
Liabilities		5,677,098
Deferred Inflows of Resources - Pension		(5,600)
Member Balances		15,905,410
Revenues		37,960,432
Expenditures		36,867,147

A large percentage of PDRMA's liabilities are reserves for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

NOTE 7 - CONTINGENCIES

Legal counsel has expressed an opinion that the Wauconda Park District has no significant risk of monetary liability as a result of any pending litigation.

NOTE 8 - EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUNDS

For the year ended April 30, 2018, the following funds had expenditures in excess of budgeted expenditures:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>
Waucondafest	\$ 284,461	\$ 306,779
Social Security	100,000	104,503
Audit	19,000	19,975

NOTE 9 - DEFICIT FUND BALANCES

As of April 30, 2018, the Beach/Marina Fund had a deficit fund balance of \$(15,723).

NOTE 10 – SUBSEQUENT EVENTS

The date to which events occurring after April 30, 2018, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is October 10, 2018, the date the financial statements were available to be issued.

**Wauconda Park District**  
**Notes To The Financial Statements (Continued)**  
**For the Year Ended April 30, 2018**

---

NOTE 11 – PRIOR PERIOD ADJUSTMENT

A prior period adjustment of \$122,583 was made to the beginning net position in the government-wide financial statements to properly state accrued sick pay at April 30, 2017.

NOTE 12 – PENSION PLAN

*Plan Description.* The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Park District plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at [www.imrf.org](http://www.imrf.org).

*Benefits Provided.* IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount.

*Funding Policy.* As set by statute, the Park District Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate from calendar year 2017 was 9.40 percent of annual covered payroll. The Park District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Annual Pension Cost.* The required contribution for calendar year 2017 was \$91,779.

Asset Valuation Method	Market Value of Assets
Price Inflation	2.50%
Salary Increases	3.39% to 14.25%, including inflation
Investment Rate of Return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.

Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). the IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality table applying the same adjustment that was applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
-----------	--

Other Information: There were no benefit changes during the year.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2017:

**Wauconda Park District  
Notes To The Financial Statements (Continued)  
For the Year Ended April 30, 2018**

NOTE 12 – PENSION PLAN (CONTINUED)

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic Equity	37%	6.85%
International Equity	18%	6.75%
Fixed Income	28%	3.00%
Real Estate	9%	5.75%
Alternative Investments	7%	2.65% - 7.35%
Cash Equivalents	1%	2.25%
	<u>100%</u>	

CALCULATION OF THE SINGLE DISCOUNT RATE

GASB Statement No. 68 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a “risk-free” rate is required, as described in the following paragraph.

The single discount rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.50%; the municipal bond rate is 3.31%; and the resulting single discount rate is 7.50%.

SENSITIVITY OF NET PENSION LIABILITY/(ASSET) TO THE  
SINGLE DISCOUNT RATE ASSUMPTION

	Current Single Discount		
	1% Decrease 6.50%	Rate Assumption 7.50%	1% Increase 8.50%

---

In accordance with GASB Statement No. 68, "Accounting and Financial Reporting for Pensions – An amendment of GASB Statement No. 27", the financial statements of employers also include required supplementary information showing the 10-year fiscal history of:

- Sources of changes in the net pension liability
- Information about the components of the net pension liability and related ratios, including the pension plan's fiduciary net position as a percentage of the total pension liability, and the net pension liability as a percent of covered-employee payroll, and
- Comparison of actual employer contributions to the actuarially determined contributions based on the plan's funding policy.

**MULTIYEAR SCHEDULE OF CONTRIBUTIONS  
Last 10 Plan Years**

For the Year Ended April 30, 2018**

---

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date: Actuarially determined contribution rates are calculated as of December 31st of each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2017 Contribution Rates:

Actuarial Cost Method	Aggregate Entry-Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	Non-Taxing bodies: 10-year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 26-year closed period Early Retirement Incentive Plan liabilities: a period up to 10 years elected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 21 years for most employers (two employers were financed over 30 years).
Asset Valuation Method	5-Year smoothed market; 20% corridor
Wage Growth	3.50%
Price Inflation	2.75% - approximate; No explicit price inflation assumption is used in this valuation.
Salary Increases	3.75% to 14.50% including inflation
Investment Rate of Return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information: There were no benefit changes during the year.
