The Wauconda Park District is preparing an OSLAD Grant Application to assist in providing Park Improvements at the Bangs Lake Marina. Your input in this project is important to us. We want to hear from you! The Wauconda Park District is leading an initiative to improve the recreation function and value of the Bangs Lake Marina. The purpose of this open house is to allow residents and park users the opportunity to provide feedback that will help the Park District design and improve a more useful park space. If you are unable to attend the Open House please contact Tim Staton, Executive Director to provide comments on the plan.
